

NEOS 12LED

The Neos 12LED public lighting luminaire features dramatic advances in LED lighting efficiency that enable high lighting levels from just 12 Cree LEDs, using just 14 Watts of energy. The Neos 12LED boasts exceptional green credentials, and has been engineered to exceed the requirements of AS1158 - Australia's Pedestrian Area & Minor Road Lighting Applications (Category P).

Available in 3000K or 4000K with or without PEC, the use of IP66 solid state electronics ensures that the complete luminaire has a service life in excess of 20 years, and comes with a 5 year warranty. Neos reliability is legendary, and in the new 12 LED iteration, running costs are minimal – Neos is the public lighting luminaire with the proven track record.

FEATURES

- 14 watts total system power.
- IP66 optic chamber & electronic driver.
- NEMA 7 Pin PEC base.
- LEDs by Cree.
- Lumen output 1909 lms.
- Colour temperature 3000K or 4000K.
- Integrated Meanwell 340mA driver.
- Exceeds the requirements of AS1158.
- Aeroscreen visor.
- Ultra low running costs and maintenance costs.
- Design life - in excess of 20 years.
- 5 Year Warranty.
